## ABOUT

- Dina is a Long Island-based witch, tarot reader, spiritual teacher, and co-owner of the Amityville Apothecary, a destination she describes as a judgment-free zone for spirit seekers of every kind.
- Dina grew up in a loud, tight-knit Italian American family surrounded by giant family dinners, traditions, and generations of folk practices that she later realized were far more magical than she understood at the time. She says spirituality was woven into everyday life long before she ever called it witchcraft.
- As a child, Dina felt deeply connected to nature. Summers in the Poconos were spent wandering the woods, foraging, talking to the land, collecting stones, and making handmade brooms. She says she was always "the weird one," drawn to crystals, symbols, and things that felt different from everyone around her.
- Despite those early signs, Dina says she didn't fully understand what was happening until the birth of her daughter. Looking into her newborn daughter's eyes, she felt what she describes as an overwhelming sense of divine intelligence and connection — a moment that completely shifted the way she saw herself and the world around her.
- Today, Dina's practice blends Italian folk magic, saint work, candle magic, tarot, crystal healing, aura photography, and what she jokingly calls "F around and find out magic."
- Dina created her own tarot deck, *Crystal Keys Tarot*, which pairs tarot archetypes with crystal energies. The deck took four years to create and combines two of her biggest passions into a completely original system.
- Beneath the tattoos and personality is a simple mission: Dina wants people to stop shrinking themselves. She says she wants to serve as a mirror — showing people that if a loud, tattooed Italian witch from Long Island can fully live as herself, they can too.
